For almost 50 years Maglificio Pini, with its knitwear productions of the highest quality, has been a spokesman for Made in Italy, appreciated and recognized by the major fashion brands worldwide.

50

This is the continuously growing number, of the people who make up the highly specialized and enhanced company team, thanks to a modern managerial perspective, aimed at the continuous training of its staff.

OUR COMPANY

What can we do?

RESEARCH AND DEVELOPMENT

The experience gained over the years allows us to support the customer on the choice of the most suitable yarns and stitches for the creation of garments in perfect line with the desired stylistic ideas.

SAMPLES

The rapidity in the creation of prototypes that follow the lines requested by the client and modifications on details, allow maximum optimization of time for subsequent production.

PRODUCTION

The rapidity in the creation of prototypes that follow the lines requested by the client and modifications on details, allow maximum optimization of time for subsequent production.

SOME OF THE PIECES WE HAVE PRODUCED

Stitch and garment archive

OVER 4.000

The pieces that make up the archive, divided between garments and stitch trials that can be consulted at headquarters or in our online archive.

HISTORICAL MEMORY

The archive is not only a valuable tool for inspiration, but also the historical memory of our work from 1977 to the present. The collection of all our creations that, spanning the last decades, have accompanied fashion in its transformations.

Timeline

Certifications and prizes

RE.VERSO

We have chosen to be part of the integrated and advanced no-waste supply Re.verso® which gives new life to our scrap yarn.

WOMEN VALUE COMPANY

In 2021 we were included among the 100 finalist companies of the Women Value Company award of Intesa Sanpaolo, which aims to engage companies that are virtuous with regard to the inclusion of female figures in the work environment.

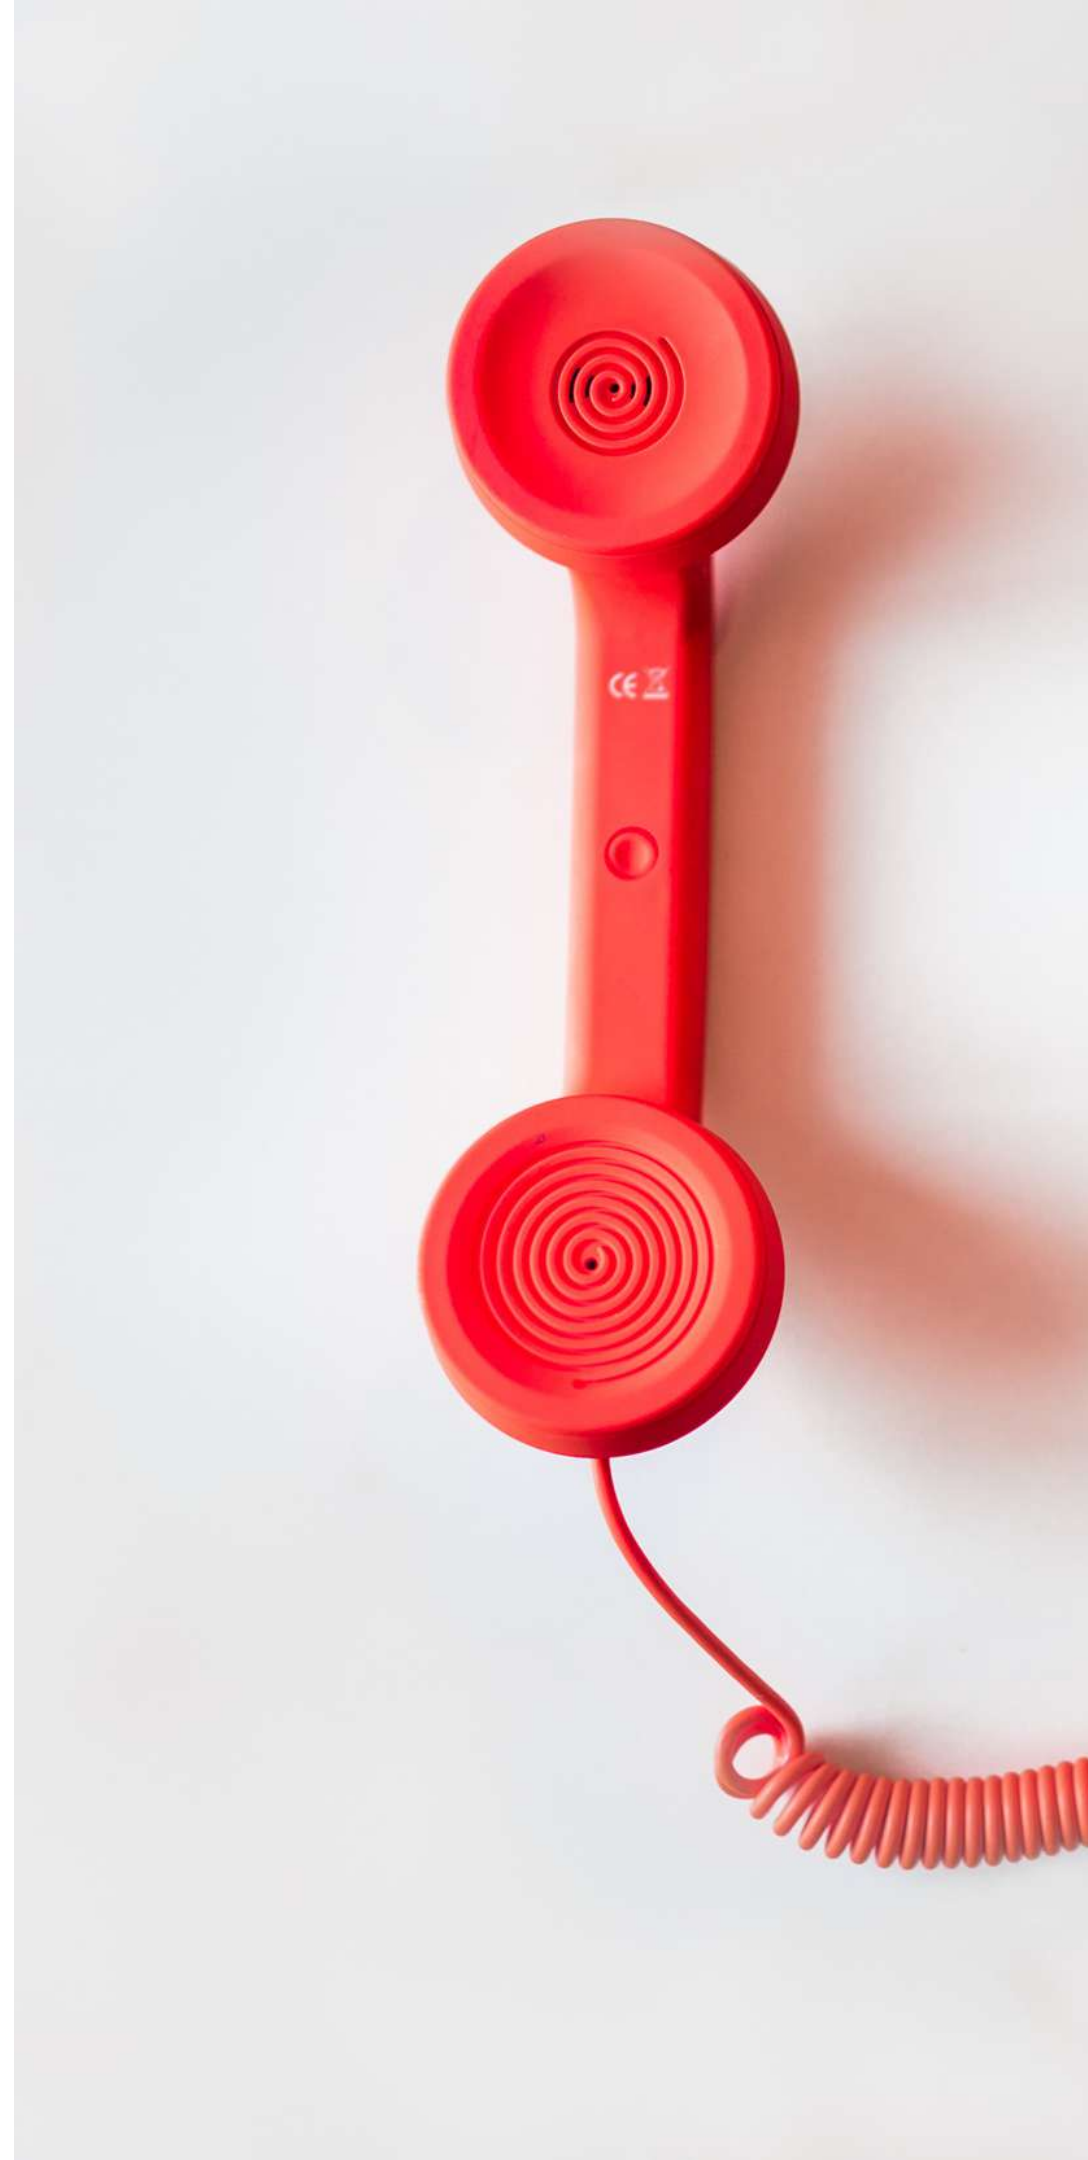

SUSTAINABILITY

For Maglificio Pini, sustainability means an ethical and responsible commitment to its employees, partners, present and future generations. This is why we are certified as an Ethical Enterprise and carry out a variety of social, corporate and environmental sustainability projects.
